The trustee named above has given the grantor the disclosure statement required under Regulations section 1.408-6.

The grantor has assigned the trust ..... dollars (\$ ..... ) in cash.

The grantor and the trustee make the following agreement:

**Article I**

Except in the case of a rollover contribution described in section 402(c), 403(a)(4), 403(b)(8), or 408(d)(3), an employer contribution to a simplified employee pension plan as described in section 408(k) or a recharacterized contribution described in section 408A(d)(6), the trustee will accept only cash contributions and only up to a maximum amount of \$2,000 for any tax year of the grantor.

**Article II**

The grantor's interest in the balance in the trust account is nonforfeitable.

**Article III**

1. No part of the trust funds may be invested in life insurance contracts, nor may the assets of the trust account be commingled with other property except in a common trust fund or common investment fund (within the meaning of section 408(a)(5)).
2. No part of the trust funds may be invested in collectibles (within the meaning of section 408(m)) except as otherwise permitted by section 408(m)(3), which provides an exception for certain gold, silver, and platinum coins, coins issued under the laws of any state, and certain bullion.

**Article IV**

1. Notwithstanding any provision of this agreement to the contrary, the distribution of the grantor's interest in the trust account shall be made in accordance with the following requirements and shall otherwise comply with section 408(a)(6) and Proposed Regulations section 1.408-8, including the incidental death benefit provisions of Proposed Regulations section 1.401(a)(9)-2, the provisions of which are herein incorporated by reference.

2. Unless otherwise elected by the time distributions are required to begin to the grantor under paragraph 3, or to the surviving spouse under paragraph 4, other than in the case of a life annuity, life expectancies shall be recalculated annually. Such election shall be irrevocable as to the grantor and the surviving spouse and shall apply to all subsequent years. The life expectancy of a nonspouse beneficiary may not be recalculated.

3. The grantor's entire interest in the trust account must be, or begin to be, distributed by the grantor's required beginning date, April 1 following the calendar year end in which the grantor reaches age 70½. By that date, the grantor may elect, in a manner acceptable to the trustee, to have the balance in the trust account distributed in:

- (a) A single sum payment.
- (b) An annuity contract that provides equal or substantially equal monthly, quarterly, or annual payments over the life of the grantor.
- (c) An annuity contract that provides equal or substantially equal monthly, quarterly, or annual payments over the joint and last survivor lives of the grantor and his or her designated beneficiary.
- (d) Equal or substantially equal annual payments over a specified period that may not be longer than the grantor's life expectancy.
- (e) Equal or substantially equal annual payments over a specified period that may not be longer than the joint life and last survivor expectancy of the grantor and his or her designated beneficiary.

4. If the grantor dies before his or her entire interest is distributed to him or her, the entire remaining interest will be distributed as follows:

- (a) If the grantor dies on or after distribution of his or her interest has begun, distribution must continue to be made in accordance with paragraph 3.
- (b) If the grantor dies before distribution of his or her interest has begun, the entire remaining interest will, at the election of the grantor or, if the grantor has not so elected, at the election of the beneficiary or beneficiaries, either
  - (i) Be distributed by the December 31 of the year containing the fifth anniversary of the grantor's death, or
  - (ii) Be distributed in equal or substantially equal payments over the life or life expectancy of the designated beneficiary or beneficiaries starting by December 31 of the year following the year of the grantor's death. If, however, the beneficiary is the grantor's surviving spouse, then this distribution is not required to begin before December 31 of the year in which the grantor would have reached age 70½.
- (c) Except where distribution in the form of an annuity meeting the requirements of section 408(b)(3) and its related regulations has irrevocably commenced, distributions are treated as having begun on the grantor's required beginning date, even though payments may actually have been made before that date.
- (d) If the grantor dies before his or her entire interest has been distributed and if the beneficiary is other than the surviving spouse, no additional cash contributions or rollover contributions may be accepted in the account.

5. In the case of a distribution over life expectancy in equal or substantially equal annual payments, to determine the minimum annual payment for each year, divide the grantor's entire interest in the trust as of the close of business on December 31 of the preceding year by the life expectancy of the grantor (or the joint life and last survivor expectancy of the grantor and the grantor's designated beneficiary, or the life expectancy of the designated beneficiary, whichever applies). In the case of distributions under paragraph 3, determine the initial life expectancy (or joint life and last survivor expectancy) using the attained ages of the grantor and designated beneficiary as of their birthdays in the year the grantor reaches age 70½. In the case of a distribution in accordance with paragraph 4(b)(ii), determine life expectancy using the attained age of the designated beneficiary as of the beneficiary's birthday in the year distributions are required to commence.

6. The owner of two or more individual retirement accounts may use the "alternative method" described in Notice 88-38, 1988-1 C.B. 524, to satisfy the minimum distribution requirements described above. This method permits an individual to satisfy these requirements by taking from one individual retirement account the amount required to satisfy the requirement for another.

Article V

1. The grantor agrees to provide the trustee with information necessary for the trustee to prepare any reports required under section 408(i) and Regulations section 1.408-5 and 1.408-6.

2. The trustee agrees to submit reports to the Internal Revenue Service and the grantor as prescribed by the Internal Revenue Service.

Purpose of Form

Note: Users of the October 1992 revision of Form 5305 or of subsequent revisions are not required to use the January 2000 revision of the form.

Form 5305 is a model trust account agreement that meets the requirements of section 408(a) and has been automatically approved by the IRS. A traditional individual retirement account (traditional IRA) is established after the form is fully executed by both the individual (grantor) and the trustee and must be completed no later than the due date of the individual's income tax return for the tax year (without regard to extensions). This account must be created in the United States for the exclusive benefit of the grantor or his or her beneficiaries.

Do not file Form 5305 with the IRS. Instead, keep it for record purposes.

For more information on IRAs, including the required disclosures the trustee must give the grantor, see Pub. 590, Individual Retirement

Arrangements (IRAs) (including Roth IRAs and Education IRAs).

Definitions

Trustee. The trustee must be a bank or savings and loan association, as defined in section 408(n), or any person who has the approval of the IRS to act as trustee.

Grantor. The grantor is the person who establishes the trust account.

Identifying Number

The grantor's social security number will serve as the identifying number of his or her IRA. An employer identification number (EIN) is required only for an IRA for which a return is filed to report unrelated business taxable income. An EIN is required for a common fund created for IRAs.

Traditional IRA for Nonworking Spouse

Form 5305 may be used to establish the IRA trust for a nonworking spouse.

Contributions to an IRA trust account for a nonworking spouse must be made to a

separate IRA trust account established by the nonworking spouse.

Specific Instructions

Article IV. Distributions made under this article may be made in a single sum, periodic payment, or a combination of both. The distribution option should be reviewed in the year the grantor reaches age 70½ to ensure that the requirements of section 408(a)(6) have been met.

Article VIII. Article VIII and any that follow it may incorporate additional provisions that are agreed to by the grantor and trustee to complete the agreement. They may include, for example, definitions, investment powers, voting rights, exculpatory provisions, amendment and termination, removal of the trustee, trustee's fees, state law requirements, beginning date of distributions, accepting only cash, treatment of excess contributions, prohibited transactions with the grantor, etc. Use additional pages if necessary and attach them to this form.
